FIRE THEM.

Milwaukee Sentinel.—If the office-seekers will annoy Mr. Cleveland he can try the Carter Harrison plan of singeing their whiskers.

ALL STYLES.

Washington Post.—The scope of the World's Fair is so broad that it is possible for a man to be robbed in thirty-four different and distinct languages.

+

CRUEL MONSTER.

Springfield (Mass.) Union.—An Ohio woman is suing for divorce claims that in thirty-four years of wedded life her husband has allowed her but one bonnet. Divorce is too good for such a man. He should be lynched.

+

REFORM RUM MAD.

Boston Journal.—The Senate did a sensible thing in refusing to make it illegal to tax campaign speakers for their services. Few more preposterous things than this have been asked in the name of reform.

+

JUBILATING IN THE WOODS.

Wheeling Intelligencer.—Democratic politicians are boasting that their party has been in office for more than two months and has not yet ruined the country. Their party has not yet done any of the things it promised to do.

+

BISSELL'S STRANGE ACTION.

Boston Journal.—Postmaster General Bissell's refusal to remove the colored Postmen at Fayetteville, N. C., on account of his race is as creditable as it is unexpected. It will lead the Bourbons seriously to question the genuineness of his Democracy.

+

THE ESSENTIALS.

Boston Traveller.—A Maine Clergyman writes to the *Advertiser* that "Two things are absolutely necessary in a Minister's study, viz. A Bible and the newspaper." There are a great many Clergymen outside of Maine who hold to the same opinion.

+

A SUNDAY NECESSITY.

Boston Herald.—The petition for the suppression of the Sunday newsboys will probably get lost as far as the petition for the suppression of Sunday newspaper. The people want both, and they are likely to get what they want and are entitled to have.

+

DIGESTION PUBLISHERS.

Boston Herald.—The Governor of New York has signed a bill making it a misdemeanor for newspaper proprietors in that state to misrepresent their circulation for the purpose of deceiving their advertising patrons. There is no law on this subject in Massachusetts, but there is the old Mosaic commandment against lying, and that ought to cover the ground.

+

THE FAIR ON SUNDAY.

Boston Transcript.—Tote to one the World's Fair will be opened at least ten Sundays to every one that it is closed before the Fair is ended.

Toledo Blade.—The baseball cranks of Chicago want the Fair closed on Sunday. It helps the Sunday game, you see.

Boston Journal.—If the World's Fair Managers decide to open the Fair on Sunday their contract with Congress will not stand in the way. A coach and six can be drawn through that agreement without violating anybody's conscience.

FACTS THAT ARE WORTHY THE CONSIDERATION OF THE MASON COURT OF CLAIMS.

Will the Good Magistrates Please Read, Reflect, and Then Lean Up Against Themselves and See if Their Consciences Don't Reprove Their Wrongful Acts?—The City of Maysville Desires Only What is Rightfully Hers.

FOR WE WON'T LET YOU...

It's all right, gentlemen of the Court of Claims; we accept your explanation that each and every one of you didn't intend any discourtesy to the city's committee. But the discourtesy was shown all the same, and it was so flagrant that it will snell bad for some time to come.

It's the how the average "Court of Claimers" is viewed by The Courier-Journal:

The MAYSVILLE PUBLIC LEDGER is exploding fire-crackers under the Magistrates composing what it calls the "Court of Claims." But there is probably no more use in exploding fire-crackers than abusing the inamates who make up most of the levy courts of Kentucky."

Last year \$45,901.05 was collected from the taxpayers of Mason county for county purposes.

There is now \$15,705.22 in the Treasury.

The assessment for this year is \$10,321.50.

The levy is 2½% cents on each \$100.

This will yield \$30,255.05, or figures to show a maximum time tax of \$8 per capita.

This tax is specially designed to provide for paupers.

The city is exempted from its operations, for the reason that she takes care of her own poor, as stated.

Under the state law, the Court of Claims has power—it is made its duty—to lay a maximum time tax of \$8 per capita.

Just let's see.

A HOLOCAUST.

Eleven Men Burned to Death by Forest Fires.

Awful Race Between Michigan Lumbermen and Flames.

Eight Unfortunate Leaps Into a Well to Escape the Fire But Die of Suffocation—Two Try to Run the Gauntlet But Perish.

LAKE CITY, Mich., May 22.—A forest fire destroyed Louis Sands' lumber camp near here Saturday afternoon. Out of a total crew of sixty men forty-nine were killed. John H. Sullivan was seriously burned, and ten are dead. Of these eight took refuge in a well and were cremated by the timber and curbing falling in on them and burning. Two tried to run the gauntlet, and were burned to a crisp.

The dead are: Michael G. Pagan, Charles Taylor, James Hugh, Ed. Rooscher, married; Samuel Campbell, foreman of the camp; John Hill, Fred Sager, Hans Jacobson, married; Frank Sorenson, married; and John H. Sullivan.

The property loss consists of three horses, forty hogs, camp tools, etc., also eleven cars with logs owned by the Thayer Lumber Co.

The men were assembled at dinner and were sleeping in the building, all alone, entirely cut off from all escape. When the men, realizing their danger, rushed out of the building in which they had been sitting, the smoke so blinded them that they became bewildered. They ran hither and thither until they found a fire of escape and their horses stampeded, adding to the confusion. Eight of the men jumped into the well to escape the flames, and died of suffocation. Their bodies were brought to the surface, two at a time. Of the others, some ran to the woods, and some of them thus escaped, but the bodies of two of them were afterward found burned to a crisp. One man reached Lake City terribly burned, and there died in fear, agony, and pain.

The bodies of the burned have been taken to Lake City, where they await burial. Most of the unfortunate were strangers here, and their bodies will be shipped to friends, where known. The fire in the timber near the camp is still burning, and summer and Diggins in order control, and no further danger is feared there.

Three Children Cremated.

RUFFOLO, N. Y., May 22.—The cottage on Grand Island, occupied by John Downey, wife and five children, was burned to the ground. Three of the children perished in the flames. It is supposed that a big Newfoundland dog belonging to the family was responsible for the fire. A lamp was burning on the center table. The dog which was asleep in the same room, got up and ran him out, and in doing so knocked the lamp off the table. An explosion followed, and the oil scattering about set fire to the house.

Crushed to Death.

KOKOMO, Ind., May 22.—Charles Toney, aged sixteen years, was instantaneously killed at the American straw board mills, by being drawn through the hot paper rolls. He was wearing a broken sheet, when his fingers became caught between the huge rollers, and his body was crushed to a shapeless mass before the machine could be stopped. He had only been working in the mill three days.

The Dunkards' Massacre.

MURKIN, Ind., May 22.—Sunday afternoon D. L. Miller of St. Morris, Ill., editor of the Gospel Temperance, gave his lecture on Egypt to an audience of 14,000 Dunkards and 4,000 Muncie citizens. He had just returned from his third trip to Egypt and other foreign countries. The lecture will continue this week, and 30,000 Dunkards are expected to be present.

Evilines Goes to Church.

WASHINGTON, May 22.—Princess Evangeline demonstrated Sunday morning that she is an early riser and a pedestrian as well. She awoke before 7:30 a.m. and with her maid took a walk. She then afterward attended love mass at St. Matthew's church at 9 o'clock. The princess entered the church as quietly and unceremoniously as the humblest of parishioners.

Students May Still Fight Duels.

VIENNA, May 22.—The Emperor has issued the imperial edict of war, by which he promised to his order recently issued, to the effect that reserve army officers attending universities would not be allowed to become members of the students' dueling corps.

Eight Sixteen Men on the Voyage.
QUEENSBURY, May 22.—The British ship *Lord Tennyson*, which sailed from London for Philadelphia with 168 men for a further destination, on April 12, arrived here after the loss of eight men drowned, one killed on deck, and seven injured.

Wife Kidnapped and Kidnapped.

MARYLAND, O., May 22.—Some weeks ago an old German, by the name of Nicholas Haas shot and killed his wife, Mary Lankford Haas, and shot himself. Sunday the son of Mrs. Haas, George Lankford of this city, shot his wife and son, and himself. He was a saloon-keeper, and last winter married a woman of Lano. The cause of the dead is supposed to have been jealous.

LOCKED OUT

Were the Crowds Who Bought Entrance to the World's Fair—Museums and Saloons Keep the Benefits of the Closed Gates?

DETROIT, May 22.—Although a great many visitors flocked similarly along Stony Island avenue and the cross streets, it was comparatively quiet Sunday in the vicinity of Jackson park. On Saturday one excited man said that the gates were closed on Sunday the people would be locked out and make an attack on the board fence, beating it down, pulling up turnstiles by the roots and defying their authority. But they did not. About 100,000 people were attending the fair. At that time over 1,000,000 people were attending the Wild West performance, and Stony Island avenue, from Fifty-sixth street down as far as Sixty-fifth, held a crowd which filled the sidewalk and strayed into the by ways. The saloons and saloons and cheap museums were doing a lively business. South Chicago set up a great many people by electric cars. The cable, "L" road and Illinois Central were well patronized during the afternoon. Perhaps sixty thousand people were outside of the fences during the day.

Few people were abroad in the park, fishing appeared to be the objective point for the majority who crossed the plaza, and skirted the grand canal. The workers of all kinds, employees who stop in the buildings, and several scores of them tried their luck off the big pier and the naval pier.

The German village gave its concerts during the afternoon. Saturday, the music was good, but it was not to give two concerts even if the band was not the best to be found in the world but the birds to hear it. If it had not been for the dwellings in the gates the birds would have been the only listeners. A messenger was sent to each village to come and hear some of the music. The band leaders of the various were highly enjoyed, though the Turks did their amiable best to ruin one of their selections. When the band was playing the overture from Offenbach's "Orpheus," the members of the Turkish band marched in at the head of his people, with the band playing and outlandish air on screeching pipes.

They paid no attention to the band, but marched among the tables, keeping up the air of "I'm the King of the Hill."

At the German village were getting highly disgusted, when the Turks were finally turned off and marched over to Buffalo Bill's place, which was packed to the eaves. Among some of the distinguished people in the boxes were Gen. George F. Custer, Gen. W. T. Sherman, ex-Senator John Crittenden, of Omaha; Gov. Cosio and Senator Don Francisco Mactegul, of the state of Queretaro, Mexico, and Miss Pauncefote, daughter of Sir Julian Pauncefote.

YOUNG MRS. BLAINE

To Marry Dr. Bull, the Man Who Saved Her Life.

NEW YORK, May 22.—Mabel Nevins Blaine will be married to Dr. William Williamson Bull, of this city. He is 45 years of age and the 26 year old Mrs. Blaine is a Catholic and to marry Dr. Bull she will be obliged to renounce her faith, because the Catholic church expressly forbids the marriage of a divorced person to a member of another church. The case may be still live. She was divorced a year ago from James Gilbreath Blaine, jr., against which her husband put in a protest.

Dr. Bull and Mrs. Blaine first became acquainted when she was in prison in 1890 for her infidelity to him for rheumatism. His visit was at a time when physicians of high standing had pronounced her case incurable. He brought words of encouragement and hope to her, and his first diagnosis and treatment of her disease, which he could do for her, were fully warranted by what he succeeded in doing. She is not a well woman today, but she is far from being the stricken, helpless cripple she was when she was saved from her husband. Her skill and unerring care have brought her back to a point in her existence where there is still much to live for.
